CABLE LASHING BAR KIT

Assembly Sequence

NOTE: For easier installation, attach Lashing Bar Kit before installing optional Cable Spool Kit provided with Vertical Cable Manager.

1. Cable Lashing Bar Kits ship with all necessary hardware included.

2. Locate the included hardware to verify contents.

3. The Lashing Bars attach to the Fixed Accessory Panels on the back of single-sided vertical managers and the Movable Mid-Sections inside double-sided vertical cable managers.

4. The Lashing Bars can attach to any of the mounting holes in the mid-sections of the vertical cable managers.

5. Mount a single Lashing Bar using two 10-32 x ½" screws as shown in Figures 1 and 2.
