# Structured Cabling Support Solutions

Chatsworth Products, Inc. (CPI) delivers innovative, high quality and cost effective Structured Cabling Solutions for optimizing, storing and securing network cabling and equipment in both large and small applications. Combine CPI Rack Systems, Cable Management Products, Cable Runway and Tray and Grounding and Bonding Products to support standard wiring closets, or use Wall-Mount Systems to support smaller networks and zone applications.

Make the choice to simplify everyday cabling concerns with CPI's comprehensive Structured Cabling Solutions.

1 13902-703
Velocity Single-Sided
Cable Manager
80.5"H x 6"W x 9.8"D
(2045 mm x 152 mm x 249 mm)

2 55053-703
Standard Rack,
45U x 19"EIA,
7'H x 20.3"W x 15"D
(2.1 m x 516 mm x 380 mm)

3 10250-712
Universal Cable Runway
1.5"H x 12"W x 9'-11.5"L
(38 mm x 300 nn x 3035 m)

4 40153-020
Busbar
4"H x 20"W x 1/4"D
(100 mm x 510 mm x 6.4 mm)

5 13050-712
ThinLine II Wall-Mount Cabinet
26"H x 26"W x 8.5"D, 4U
(660 mm x 660 mm x 216 mm)

1 **Cable Management Products -** Velocity® Cable Management is an economical solution for everyday use in telecommunications rooms, equipment rooms and lab spaces and that creates a complete vertical and horizontal pathway for premise cabling and patch cords on CPI Rack Systems.

2 **Rack Systems -** Unsurpassed strength, stability and durability for supporting patch panels, high-density blocks, cabling and other equipment. With the addition of shelves and special brackets, racks can be quickly adapted for changing needs or to hold larger devices and computer hardware.

3 **Cable Runway and Tray -** CPI's Cable Runway and OnTrac® Wire Mesh Cable Tray System make up a vital part of the IT infrastructure solution by providing horizontal, vertical and backbone pathways from the data center to workstations.

4 **Grounding and Bonding Products -** CPI's comprehensive line of UL® Listed Grounding and Bonding Products bond racks, cable runway and tray, and provide protection for electronic equipment.

5 **Wall-Mount Systems -** Store and secure equipment on the wall inside or outside of the data center or equipment room and connect remote groups of users to the network.
