Universal Cabinet Light (13393-719)

Fits any 19" EIA or 23" rack or cabinet. It can be mounted in various orientations to direct additional illumination where it is most needed.

Basic Horizontal Rack-Mount Power Strips (12816-701)

Basic Power Strips feature a master lighted switch or optional thermal circuit breaker and surge protection. Circuit breakers limit the amount of current available to equipment while surge protection blocks excessive voltage from equipment. Both features are critical with unconditioned line power.

Universal Horizontal Cable Manager (30130-719)

Creates an attractive horizontal pathway using coax, copper and fiber optic cables. After routing the cables or cords, simply snap-on the cover for a clean, professional appearance.

Wall-Mount Rack Accessory (11799-001)

Attaches to the Standard Swing Gate Wall-Rack and the Fixed Equipment Wall-Mount Rack. Creates a pathway from the wall to the front, side or rear of the equipment mounting space.

Heavy-Duty Swing Gate Kit (12795)

Increases the load bearing capacity of the 18" deep and 25" model Standard Swing Gate Wall-Racks up to 150 lb. This bracket is UL Listed and includes installation hardware and instructions.

Adjustable Cable Runway (14300-712)

Adjustable Cable Runway is designed to provide a flexible point-to-point solution anywhere cables enter or exit the cable pathway.

Take advantage of fast lead times and ample inventory! Get started here.
